Chewy Goodness. Pure Quality.

Delicious, Healthy, and Fully Customizable

About Us

Our gummies are crafted to combine taste, nutrition, and innovation. Designed for nutraceutical, vitamin, herbal, and functional food industries, they are fun, flavourful, and packed with active ingredients. Each gummy can be customized to suit your formulation, flavour, shape, and nutritional requirements.

Why Choose Trinova Exim Gummies?

- Fully customizable according to client requirements
- Premium-quality ingredients with guaranteed potency
- Consistent taste, texture, and shelf-life
- Global regulatory compliance for international export
- Innovative solutions for functional and healthy snacking

Experience the Trinova Exim Difference

Our gummies blend taste, nutrition, and quality, delivering a product that is not only healthy but also enjoyable. Partner with us to create gummies that meet global standards, satisfy consumer taste preferences, and provide measurable health benefits.

Variety Highlights

Vitamin Gummies

Packed with essential vitamins like C, D, B-complex, and multivitamins, these gummies support immunity, energy, and overall wellness. They are tasty, convenient, and suitable for all age groups. Perfect for daily nutritional supplementation.

- **Daily Nutritional Support**

Ideal for fulfilling everyday vitamin requirements, ensuring the body gets essential nutrients like Vitamin C, D, and B-complex effortlessly.

- **Immunity Boosting**

Helps strengthen the immune system, making them suitable for individuals looking to support their body's natural defence.

- **Energy & Metabolism Enhancement**

B-complex vitamins aid in boosting energy levels and improving metabolism for overall vitality.

Mineral Gummies

Rich in calcium, zinc, magnesium, and iron, these gummies promote bone health, metabolism, and vitality. They provide essential minerals in a fun and easy-to-consume form. Ideal for maintaining daily mineral balance.

- **Daily Nutritional Support**

Helps fulfill everyday mineral requirements for overall wellness.

- **Bone Strength & Development**

Supports healthy bone formation and density with calcium and magnesium.

- **Energy & Metabolism Boost**

Enhances metabolic functions, helping the body convert food into energy efficiently.

- **Immune System Support**

Zinc and iron contribute to stronger immunity and better defence against infections.

- **Growth & Vitality for All Ages**

Suitable for children, adults, and seniors who need easy mineral supplementation.

Herbal Gummies

Infused with natural herbal extracts like Tulsi, Amla, Ashwagandha, and Moringa, these gummies support immunity, stress relief, and rejuvenation. They combine wellness benefits with enjoyable taste. Perfect for herbal and functional food products.

- **Daily Immune Support**

Ideal for boosting immunity naturally with ingredients like Tulsi and Amla, making them suitable for everyday wellness routines.

- **Stress Relief & Relaxation**

With Ashwagandha's adaptogenic properties, these gummies can be used to help manage stress, anxiety, and promote calmness.

- **Energy & Rejuvenation**

Moringa-rich gummies can be consumed for improved vitality, energy levels, and overall rejuvenation.

- **On-the-Go Health**

Perfect for travel, work, or busy lifestyles where quick and tasty health support is needed.

Functional Gummies

Formulated for gut health, joint support, sleep, weight management, and other targeted benefits. These gummies offer specific wellness solutions in a delicious, convenient format. Suitable for functional and nutraceutical applications.

- **Gut Health Support**

Ideal for promoting digestive balance with ingredients like probiotics, prebiotics, and fibre blends.

- **Joint & Mobility Care**

Used in formulations that support cartilage health, reduce inflammation, and improve flexibility through nutrients like collagen, turmeric, or glucosamine.

- **Sports & Performance Nutrition**

Used in pre-workout, recovery, hydration, and endurance-support gummy supplements.

Custom Gummies

Fully tailor-made based on client requirements, including shape, colour, flavour, texture, and active ingredient concentration. Designed to meet specific brand or health needs. Ideal for private-label and innovative product lines.

- **Nutraceutical & Wellness Products**

Ideal for vitamins, minerals, herbal extracts, and functional supplements designed for immunity, digestion, sleep, or beauty.

- **Private Label & Branding Solutions**

Perfect for companies looking to launch their own signature gummy line with unique shapes, colours, flavours, and active ingredients.

- **Corporate & Promotional Products**

Customisable for brand promotions, giveaways, and special edition wellness products.

- **Special Dietary Formulations**

Can be designed as vegan, sugar-free, gluten-free, or allergen-free to meet specific dietary or lifestyle demands.
