BRAND INTRODUCTION

At Trinova EXIM, we take immense pride in sourcing, curating, and delivering nature's finest food products to discerning clients across the globe. Our foundation is built on an unwavering commitment to quality, reliability, and sustainability. We specialize in exporting a diverse portfolio of premium products that reflect the authenticity, vibrancy, and richness of Indian agriculture.

Our range includes aromatic basmati rice, flavorful spices, nutrient-dense fruit and vegetable powders, potent herbal powders, natural honey, and cold-pressed oils — each carefully processed to ensure the highest quality standards. Our products are designed to meet the culinary, nutritional, and industrial needs of clients, while preserving the natural essence of their source.

At Trinova EXIM, our operations are guided by a set of core values that define everything we do:

Quality

Every product undergoes stringent quality control checks to meet and exceed international standards.

Reliability

Our robust supply chain and logistics ensure timely delivery and consistent supply.

Sustainability

We adopt environmentally responsible practices and prioritize eco-friendly sourcing.

Trust

Transparency, integrity, and long-term partnerships form the foundation of our relationships.

Our Mission

To deliver authentic Indian food products to global buyers that consistently meet international expectations while building lasting relationships grounded in excellence, transparency, and mutual respect.

PRODUCT OVERVIEW & VARIETIES

Introduction

Our fruit powders are crafted to preserve the natural aroma, color, and nutrients of freshly harvested Indian fruits. Utilizing state-of-the-art spray-drying and freeze-drying techniques, we maintain the vibrant flavor and essential nutrients of each fruit. These powders are perfect for food manufacturers, beverage companies, nutraceuticals, bakeries, and confectionery industries seeking consistent quality and superior reconstitution properties.

Variety Highlights

Orange Powder

Bursting with tangy citrus flavour and rich in Vitamin C, perfect for instant drinks, smoothies, candies, and flavouring agents.

Kiwi Powder

Bright green and antioxidant-rich, adding a tropical flair to beverages, ice creams, and functional foods.

Apple Powder

Mildly sweet, aromatic, and rich in fibre ideal for baby food, nutrition bars, bakery products, and smoothies.

Chiku Powder

Naturally caramel-sweet and fibre-rich, excellent for desserts, shakes, and flavour blends.

Pineapple Powder

Tangy and tropical with bromelain, used in beverages, jams, sauces, and confections.

Pomegranate Powder

Deep red, antioxidant-packed, perfect for health foods, beverages, and cosmetic applications.

Banana Powder

Energy-boosting and potassium-rich, suitable for infant foods, fitness shakes, and natural flavoring.

Lemon Powder

Sharp, fresh, and naturally acidic, enhancing flavor, preservation, and shelf-life of culinary products.

Profile

Fine, free-flowing powders with moisture content under 5% easy to store, blend, and utilize across multiple industries.

Processing & Quality Standards

- 01 Spray or freeze-dried under controlled conditions.
- 02 Preserves natural colour, aroma, and nutrient profile.
- 03 Thoroughly lab-tested for microbial safety, moisture content, and flavour consistency.

Health Benefits

- 01 Naturally rich in vitamins A & C and antioxidants.
- 02 Supports energy, immunity, skin health, and overall wellness.
- 03 100% clean-label with no artificial colours, Flavors, or preservatives.

Fruits are sourced from certified Indian orchards in Maharashtra, Himachal Pradesh, and Tamil Nadu harvested at peak ripeness to ensure natural sweetness, vibrant color, and optimum nutritional content.

Source of Ingredients

Introduction

Our vegetable powders are designed to deliver authentic taste, aroma, and nutrition. They are perfect for instant soups, seasoning blends, ready-to-eat meals, snacks, and other applications where natural flavour and functional properties are essential.

Variety Highlights

Onion Powder

Rich and pungent flavour, made from premium white and red onions. Ideal for seasoning mixes, sauces, and snacks.

Garlic Powder

Strong aroma and concentrated flavour, derived from carefully selected Indian garlic bulbs, perfect for culinary, nutraceutical, and food manufacturing applications.

Profile

Uniformly ground, aromatic, and shelf-stable — suitable for clean-label products and natural seasoning formulations.

Processing & Quality Standards

- 01 Dehydrated at low temperatures to retain essential oils and aroma.
- 02 Packaged in GMP-certified, hygienic units to ensure purity and longevity.
- 03 Lab-tested for moisture, granulation, and microbial safety.

Health Benefits

- 01 Rich in natural antioxidants, vitamins, and minerals.
- 02 Supports heart health, immunity, and digestion.
- 03 Perfect for low-sodium seasoning blends and functional culinary applications.

Sourced from pesticide-controlled farms in Gujarat and Maharashtra to guarantee consistent quality and authentic flavor.

Source of Ingredients

Introduction

Our herbal powders are a blend of India's traditional herbal wisdom and modern production excellence. Sustainably cultivated, gently dried, and finely milled, these powders retain maximum potency and bioactive compounds. They are ideal for wellness, cosmetic, and functional food applications.

Variety Highlights

Moringa Powder

Rich in iron, calcium, protein, and vitamins
Boosts immunity, metabolism, and overall vitality.

Neem Powder

Bitter, detoxifying herb that supports skin health, immunity, and natural healing.

Tulsi Powder

Revered in Ayurveda for respiratory and immune support.

Amla Powder

High in Vitamin C and antioxidants, promotes skin, hair, and immunity.

Profile

Fine, green powders rich in nutrients and chlorophyll, suitable for wellness supplements, beverages, cosmetics, and health foods.

Processing & Quality Standards

- 01 Low-temperature drying preserves bioactive compounds.
- 02 Ultra-fine milling ensures uniformity and quality.
- 03 Lab-tested for heavy metals, pesticide residues, and microbial contamination.
- 04 Produced in GMP-certified facilities for safe global export compliance.

Health Benefits

- 01 Supports detoxification, metabolism, and overall rejuvenation.
- 02 Enhances skin, hair, and immune health.
- 03 Maintains natural nutrients and bioactive compounds for maximum efficacy.

Cultivated on certified organic farms across Southern and Central India, including Tamil Nadu and Madhya Pradesh, ensuring premium quality and sustainability.

Source of Ingredients

Introduction

Our cold-pressed castor oil is extracted from Gujarat's finest castor seeds and is globally recognized for its purity, consistency, and superior performance. Naturally rich in ricinoleic acid, it serves as a versatile oil for beauty, wellness, and industrial use.

Product Highlights

Castor Oil

Cold-pressed from premium Gujarat castor seeds, this pure oil nourishes skin, strengthens hair, and supports natural wellness. Its rich texture and stability make it ideal for cosmetic and therapeutic use.

Profile

A thick, clear, and highly stable oil with excellent viscosity, low peroxide value, and superior lubricating properties. Its smooth texture and natural emollience make it ideal for both topical and functional applications.

Processing & Quality Standards

- 01 Extracted through a cold-pressing process using mechanical pressure no heat or chemical solvents are used.
- 02 Carefully filtered to remove impurities while preserving essential fatty acids and nutrients.
- 03 Lab-tested for acid value, ricinoleic acid content, and oxidative stability to ensure unmatched quality and performance.

Health Benefits

- 01 **Skin Care:** Deeply moisturizes, softens, and helps heal dry or irritated skin.
- 02 **Hair Care:** Nourishes the scalp, strengthens roots, and promotes thicker, healthier hair growth.
- 03 **Wellness Support:** Assists in natural detoxification, soothes inflammation, and supports joint comfort.

Sustainably sourced from Gujarat's renowned castor seed belts, a globally trusted region celebrated for its premium quality castor cultivation and ethical farming practices.
